

2019 MUNICIPAL PRIMARY ELECTION
AFFIDAVIT SIGNATURE AUDIT RESULTS

In accordance with Utah Code Annotated §20A-3-302(7), the Lieutenant Governor's Office established procedures to conduct an audit of affidavit signatures for mail ballots. The following vote by-mail jurisdictions performed this audit by comparing voters' affidavit signatures on ballot envelopes with voters' signatures in the statewide voter registration database for a second or third time:

<u>Jurisdiction</u>	<u>Affidavit Signatures Audited</u>
Beaver County	6
Box Elder County	28
Carbon County	8
Davis County	384
Emery County	7
Grand County	16
Iron County	41
Salt Lake County	790
San Juan County	5
Sanpete County	7
Sevier County	8
Summit County	25
Tooele County	48
Utah County	379
Washington County	250
Weber County	249

A total of 2,251 affidavit signatures were audited. The audit determined that the following:

- 2,246 (99.8%) affidavit signatures were correctly identified as either a match or non-match during the initial verification process; and
- 5 (0.222124%) affidavit signatures were incorrectly identified during the initial verification process.

The benefit of an audit process is that it provides an opportunity to identify areas where improvement can be made. As a result of the audit, county clerks have learned that the following steps can be taken to improve procedures:

- Increased signature verification training for all staff, including both permanent and temporary, to review the procedures and requirements;
- Testing each permanent and temporary staff member to assess skill level prior to assigning signature verification tasks;
- Increase of desk-top daily audits to verify procedures are followed;
- All staff, including both permanent and temporary, could be instructed to send any signature that they may be uncertain about for further review.

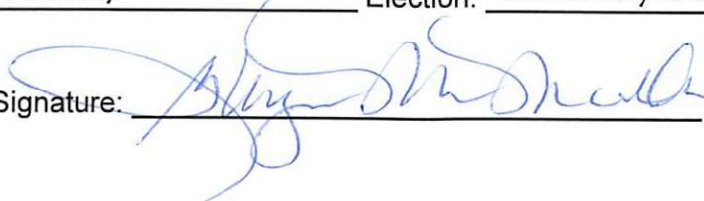

With the addition of these improvements, we continue to be confident in the policies and procedures followed by county clerk staff in providing a secure voting method that voters and candidates can trust.

The following pages of this document are the individual reports for each county that performed an affidavit signature audit.
