## **Shaun Lynn McCausland** CONSTITUTION

I am a self-employed father of nine who struggles with the same things most people do. I am not a politician. I understand and love our country and the US Constitution.

The problems we face as a nation are because we have strayed from the principles stated there. Following Constitutional principles is the key to solving those problems.

Those who are disappointed with the major parties but like what people like Ron Paul, Ronald Reagan and Thomas Jefferson stand for should be very comfortable voting for me.

## **Bill Barron**

UNAFFILIATED

I am a citizens candidate running to address the most urgent issue of our generation, human-made climate change.

I support a legislative proposal called Fee and Dividend that places a steadily increasing fee on carbon emissions at the source (mine, well or port of entry) with 100% of the revenue returned to households.

Direct and transparent; Fee and Dividend would reduce emissions, stimulate the economy and create jobs.

Our country has the opportunity to take steps to provide stewardship of our natural world for the sake of our children and future generations. The time to be effective is now!

This election is about whether we continue with the status quo or we work towards the solutions needed to create sustainable economic opportunity for all. Any solutions must involve election reform, education reinvestment and a rededication to civic responsibility.

I cannot sit back and watch as my children's freedom is quickly being eroded.

We need Statesmen who stand with the people, not the Political Party leadership. We need strong Hero's that stand for principles of honesty and integrity, even if the law says it's legal not to, or that it's unpopular. The actions of this type of hero will inspire generations to come.

The Constitution Party is continuing to expand across the nation as a result of this. The hour is late; our freedom is in vital jeopardy. The question is simple, support Freedom or support varying degrees of Slavery.

The purpose of my campaign is to work to help restore the inspiring principles of life, liberty and property as established by our Founders. Today, I see the left and right splitting these principles. In general, the left wants to control property and support behavioral freedom. The right is the opposite. If you prefer the freedom half and are willing to work with others who prefer their freedom half, you might be a libertarian. Libertarians stand for freedom of property and behavior. Check us out at [lputah.org](http://lputah.org) or [drken4gov.org](http://drken4gov.org). Working together we can restore the freedoms our Founders dreamed of.

REPUBLICAN

Utah's economy is among the strongest in the nation as we continue to create jobs for Utah workers and their families by helping local businesses grow and attracting new businesses to our state.

During my time as governor, we have modified nearly 400 growth-hindering regulations, added over 36,000 jobs and grown every sector of our economy—except government. And we did it all without raising taxes.

Over the next four years we will continue to pursue our goals of creating 100,000 jobs in 1,000 days and having 66% of Utah adults hold a college degree or professional certificate by 2020.

LT. GOVERNOR  
REPUBLICAN

Governor Herbert and I are dedicated to making sure Utah leads the nation as the best performing economy, and is recognized as a premier global business destination.

Our focus is on ensuring Utah has a well-educated workforce, with 66% of Utah adults holding a college degree or professional certificate by 2020. We promote policies that lead to private sector job growth. We are working to ensure Utah's access to affordable, reliable and sustainable energy by producing 25% more power than we consume by 2020. And, we are dedicated to the principle of self-determination, finding Utah solutions to Utah issues.

# UTAH ATTORNEY GENERAL

**Dee W. Smith**  
DEMOCRATIC

As Attorney General, I will work hard to protect the citizens of Utah and help keep our communities safe. Utah needs an experienced prosecutor who understands the dangers our communities face.

I have a proven track record of working with law enforcement to make our communities safer. I have tried and convicted perpetrators for sex abuse against children, child abuse, murder, drug dealing, gang violence and other criminal offenses. I have also worked closely with the Weber County Children's Justice Center and helped develop policies that protect our children.

**John Swallow**  
REPUBLICAN

John Swallow is Utah's chief deputy attorney general over all civil divisions.

He led Utah's fight against Obamacare and represented the state in Washington D.C. during the U.S. Supreme Court hearings. John also sued Barack Obama and Interior Secretary Ken Salazar to reclaim Utah's access to federally controlled land.

John is endorsed by the NRA and was named Utah Taxpayer Advocate of the Year for sponsoring and passing what was the largest tax cut in Utah's history.

As attorney general, John Swallow will continue to fight against the overreach of the federal government to protect our families and preserve freedom.

**W. Andrew McCullough**  
LIBERTARIAN

I have been a trial lawyer in Utah since 1973, and I am well qualified to be Attorney General. Former staff assistant in U.S. Senate, ACLU of Utah Board member, Chair of drug rehabilitation facility, and Chair of Utah Libertarian Party.

I am running for Attorney General to provide an alternative to the view that the government must have more power to "protect" its citizens. The "war on drugs" is a failure. The State interferes too much with personal and family matters. If you value personal freedom, support me for Attorney General.

# UTAH STATE AUDITOR

**Mark Sage**  
DEMOCRATIC

I have the right understanding to be the Utah State Auditor. With 30 plus years of government service I planned, budgeted, managed, executed, and accounted for millions of dollars in public funds, honestly and ethically.

Throughout my career I was recognized for my efforts saving taxpayers' money and stopping needless spending. My understanding of how funds flow and work compliments the hard working auditors.

Together our strengths are greater than the sum of our whole. Working as a team the auditors and I will ensure the fiscal management of state, local, and private entities with accurate, timely, and quality audits.

**John Dougall**  
REPUBLICAN

John "Frugal" Dougall is a staunch fiscal conservative committed to key principles: fiscal discipline, limited government and a focus on performance and accountability.

As a 10-year legislator, Dougall has consistently championed Utah's taxpayers, including co-sponsoring the largest tax cut in Utah's history. Dougall currently oversees Utah's nearly \$13 billion budget as the House Vice Chair of Executive Appropriations, helping protect the State's AAA bond rating and its best-managed ranking.

With an MBA, Dougall has the finance, accounting, technical, and leadership skills required for a 21st century State Auditor, a job that requires diverse skills to protect taxpayers and assist policymakers.

CONSTITUTION

My fellow citizens. I am Richard Proctor and I am running for State Auditor in this election. I represent the Constitution Party whose goal is to restore our Republic back to its previous greatness.

Why will people vote for the Constitution Party? Because thousands of principled individuals will not be bullied into voting for the "lessor of two evils." This campaign is not about a political party. It is about freedom and constitutional government. Restoring America to the principles bequeathed to us by our Founding Fathers. Join us and we will restore America together!

# UTAH STATE TREASURER

---

## **Christopher Stout** DEMOCRATIC

Christopher Stout has an A.S. in Business and completed a B.S in Accounting from the University of Utah. Since 2005 he has operated SalesTaxSolutions.US, a business & tax consulting firm in Salt Lake City. As an accountant with over 20 years experience, Chris has worked in several Utah companies performing various treasury functions.

Our current State Treasurer bills himself as a "professional" treasurer. This is not what the drafters of the state constitution had in mind. The State Treasurer should come from private practice, serve the state and leave office. To find out more about Chris, visit [www.Stout2012.com](http://www.Stout2012.com)

## **Vincent C. Marcus III** LIBERTARIAN

Vincent Marcus is the Libertarian candidate for Utah State Treasurer. As a Treasurer I would work with the Governor and the Legislature to improve transparency, reduce the size of government, and advocate for more freedom and lower taxes.

My wife and I are raising two children and I feel that it's my responsibility to do what I can to ensure that we don't leave their generation burdened with our debt. The best way to do that is to improve the efficiency of government, eliminate unnecessary regulations that slow economic growth, and let people spend the money they have earned.

## **Richard K. Ellis** REPUBLICAN

The Utah Constitution defines the state treasurer's duty as the "custodian of public moneys." The state treasurer is responsible for investing \$12.0 billion of taxpayer moneys. The income from these investments helps offset the cost of government and keeps taxes down.

Maintaining the state's AAA bond rating is imperative, saving taxpayers millions of dollars in interest expense each year. My qualifications include 26 years of public finance experience, and degrees in Finance and an MBA. I have the experience and qualifications necessary to continue the tradition of excellence for which the Utah State Treasurer's office is known.

# CONSTITUTIONAL AMENDMENT A

## JOINT RESOLUTION ON SEVERANCE TAX

2012 GENERAL SESSION

SENATE: 26-1-2

HOUSE: 54-17-4

### BALLOT TITLE

☐ **FOR**

☐ **AGAINST**

Shall the Utah Constitution be amended to require a portion of the revenue from all of the state's severance taxes, excluding severance tax revenue used for Indian tribes, to be deposited into the permanent state trust fund beginning July 1, 2016?

### IMPARTIAL ANALYSIS

Constitutional Amendment A requires a portion of the state's severance tax revenue to be deposited into an existing permanent state trust fund beginning July 1, 2016. The severance tax revenue subject to deposit into the trust fund does not include severance tax revenue that state law designates for use by Indian tribes.

#### CURRENT PROVISIONS OF THE UTAH CONSTITUTION AND UTAH LAW

##### **Permanent state trust fund**

There currently exists a permanent state trust fund, which was established under a 2001 amendment to the Utah Constitution. As provided in the Utah Constitution, money deposited into the trust fund may not be removed from the fund unless approved by the governor and three-fourths of the Senate and House of Representatives. Money in the trust fund is required to be invested for the benefit of the people of the state. Income earned on money in the fund is required to be deposited into the state's General Fund to be used for general state purposes, as determined by the Legislature.

##### **Severance tax**

Under current Utah law, the state imposes and collects a tax, called a severance tax, on those who remove oil, gas, or minerals from land within the state. The tax is based on the amount of oil, gas, or minerals removed. Some of the severance tax revenue generated from oil and gas removed from Indian lands is set aside to be used for the benefit of Indian tribes in the state. The remainder of severance tax revenue is placed in the state's General Fund to be used for general state purposes.

The total amount of severance tax revenue over the past ten years, not including the revenue used for Indian tribes, averages about \$70 million annually. State law currently requires annual severance tax revenue exceeding a threshold of about \$105 million to be deposited into the permanent state trust fund. In 2009, about \$23 million of severance tax revenue was deposited into the trust fund under that requirement and a lower threshold then in effect.

Currently the use of severance tax revenue is governed by statute enacted by the Legislature. The Utah Constitution does not mention severance taxes or specify how revenue from severance taxes is to be used.

#### EFFECT OF CONSTITUTIONAL AMENDMENT A

Constitutional Amendment A requires a portion of the state's annual severance tax revenue, excluding severance tax revenue used for Indian tribes, to be deposited into the permanent state trust fund beginning July 1, 2016. The portion to be deposited into the trust fund is 25% of the first \$50 million of annual severance tax revenue, 50% of the next \$50 million, and 75% of all severance tax revenue over \$100 million. By requiring that portion of severance tax revenue to be

# CONSTITUTIONAL AMENDMENT A (CONTINUED)

---

deposited into the permanent state trust fund rather than into the state's General Fund, the Amendment restricts the ability of the Legislature to determine how that portion of the state's annual severance tax revenue is to be used.

## **EFFECTIVE DATE**

If approved by voters, Constitutional Amendment A becomes effective January 1, 2013.

## **FISCAL IMPACT**

Under Constitutional Amendment A, some severance tax revenue that would have been deposited into the state's General Fund will be deposited instead into the permanent state trust fund. Total General Fund revenue is therefore reduced in any fiscal year by the amount of severance tax revenue deposited into the permanent state trust fund during that year. Once that revenue is in the permanent state trust fund, it is invested to generate income. Any income generated is required to be deposited into the state's General Fund. The income deposited into the General Fund, therefore, acts to offset any reduction to the General Fund that results from severance tax revenue being deposited into the permanent state trust fund.

Based on current estimates of future annual severance tax revenue and assuming that the amount remains constant, approximately \$36 million of severance tax revenue will be deposited annually into the permanent state trust fund beginning July 1, 2016. That \$36 million annual deposit into the permanent state trust fund will result in an annual decrease of that amount to the state's General Fund. The amount of that annual decrease will diminish over time as income on trust fund money increases. By 2044, the decrease in General Fund revenue resulting from annual severance tax revenue deposits into the permanent state trust fund will be eliminated, because income on trust fund money being deposited into the General Fund will equal or exceed the amount of severance tax revenue being deposited into the permanent state trust. These calculations are based on an assumed 3.5% annual rate of return on money in the permanent state trust fund.

---

## **ARGUMENT FOR**

The bipartisan supporters of Constitutional Amendment A believe Utah's natural resources belong to all generations, not just ours. A vote FOR Constitutional Amendment A is a vote FOR investing a portion of our natural-resource revenues for future generations.

Utah collects severance taxes on oil, gas, and minerals extracted from our lands. States like Wyoming and New Mexico do the same. For decades they've invested a portion of those revenues. Today they each have funds worth billions. By comparison, Utah's trust fund amounts to \$120 million—barely more than a year's worth of severance taxes.

Today, rather than add to our investment fund, we spend what we collect each year. This is unwise on two counts:

1. Revenues rise and fall sharply as commodity prices and extraction activities fluctuate. Spending all of our severance tax receipts when revenues are up leads to program cutbacks when revenues decline.
2. Severance taxes come from non-renewable resources. One day, non-renewable resources and associated revenues will shrink and ultimately disappear. At that point, if we haven't invested any severance tax revenues for them, future generations will do without.

When 66% of voters approved a similar amendment in 2008, our goal in doing so was to increase our investments for future generations. Unfortunately, that is not happening. The 2008 amendment allowed Utah to invest severance tax revenues into the Permanent State Trust Fund. An associated statute required that combined severance taxes in excess of \$98.6 million annually be invested in the trust fund. Once invested, fund earnings could be used, but principal could be spent only in case of emergency, with concurrence of three-fourths of both House and Senate, plus the Governor.

Undoing the intent of the voters in 2008, the 2011 Legislature increased the total allocated for annual spending to \$104.6 million. As a result, we spend everything and invest nothing. It only took a simple majority to enact this 2011 formula change. The same could readily happen again without Constitutional Amendment A.

# CONSTITUTIONAL AMENDMENT A (CONTINUED)

---

In keeping with the will of the voters, Constitutional Amendment A does the following:

- Invests a set portion of all severance taxes directly into the trust fund. Earnings will benefit each future generation increasingly.
- Establishes a base investment formula that can't be changed by a simple majority of the Legislature.
- Delays the effective date of the investment formula until FY 2017 to allow phased implementation.
- Continues the trust fund's role as a very secure reserve, backing up our rainy day funds, which can be tapped only in case of emergency with supermajority approval.

One day Utah's severance taxes will be gone. We owe it to the generation that will experience this decrease in revenue to start planning today. Join us in voting for Constitutional Amendment A to save some of our severance tax dollars. If we truly are the best-managed state in the union, it is time to invest in our children's future.

## ARGUMENT AGAINST

Utah typically sets aside part of the revenue generated from natural resource extraction for future use. The amount of these funds, which are deposited into the Permanent Trust Fund, will grow substantially as oil and gas prices rise in coming years.

Utah also has boosted its Rainy Day Funds by tens of millions of dollars every year that a budget surplus exists. The success of Utah's planning for the future was evident during the recession. The balance of the Rainy Day Funds never dropped below \$209 million – 50% of its all-time record high. This provided a financial cushion to the state.

This recent experience illustrates that Utah already embraces a prudent approach to budgeting. This approach allows lawmakers to balance pressing current needs with concern for the future, and to quickly make adjustments as conditions change.

Constitutional Amendment A would upset this balance, permanently reducing Utah's ability to address economic downturns. Should this measure be approved, the next time the state faces an unforeseen downturn it could be forced to either raise taxes or make deeper cuts in critical services affecting neighborhood schools, universities, state parks, courts, and the Utah Highway Patrol.

The current constitutional language – approved by voters in 2008 – allows public officials to assess existing conditions, listen to the views of their constituents, and make careful decisions about the appropriate balance between Utah's current and future needs.

**Vote NO on Constitutional Amendment A.** Utah will benefit from maintaining flexibility as it faces the economic challenges of the future.

Minority Leader, Utah House of Representatives

# CONSTITUTIONAL AMENDMENT B

JOINT RESOLUTION ON PROPERTY TAX EXEMPTION FOR MILITARY PERSONNEL  
2012 GENERAL SESSION

SENATE: 25-1-3

HOUSE: 64-6-5

## BALLOT TITLE

☐ **FOR**

☐ **AGAINST**

Shall the Utah Constitution be amended to allow real property to be exempt from property tax if:

- the real property is owned by a person in the military, or the person's spouse, or both;
- the real property is the military person's primary residence; and
- the military person serves in federal active duty out of state for at least 200 days in a calendar year or 200 consecutive days?

## IMPARTIAL ANALYSIS

Constitutional Amendment B authorizes the creation, in statute, of a property tax exemption for property that is owned by a person in the military, or the person's spouse, or both, if the property is the person's primary residence and the person serves in federal active duty out of state for at least 200 days in a calendar year or 200 consecutive days.

### CURRENT PROVISIONS OF THE UTAH CONSTITUTION

The Utah Constitution requires that all persons and corporations pay a property tax on tangible property. However, the Constitution also provides for exemptions from property tax for certain kinds of property, such as government-owned property, inventory, and property owned by a disabled veteran. Property may not be statutorily exempted from property tax unless the Utah Constitution authorizes the exemption.

### EFFECT OF CONSTITUTIONAL AMENDMENT B

Constitutional Amendment B authorizes the creation, in statute, of a property tax exemption for real property that is owned by a person in the military, or the person's spouse, or both, if two other conditions are met. First, the property must be the military person's primary residence. Second, the military person must serve in federal active duty outside Utah for at least 200 days in a calendar year or 200 consecutive days. The Amendment does not require the creation of the property tax exemption, but instead allows for the creation of the exemption by statute.

### IMPLEMENTING LEGISLATION

If Constitutional Amendment B is approved by voters, S.B. 116, Armed Forces Property Tax Exemption, 2012 General Session, will become law on January 1, 2013. This bill creates a property tax exemption for property owned by a person who is a member of an active or reserve component of the United States Armed Forces if the property is used as the person's primary residence. After serving in federal active duty military service out of state for at least 200 days in a calendar year or 200 consecutive days, the person may claim the exemption for the year after the year when the service was completed. The exemption may not be claimed by the military person's spouse, and the military person may not claim the exemption for property owned exclusively by the military person's spouse.

### EFFECTIVE DATE

If approved by voters, Constitutional Amendment B takes effect January 1, 2013.

### FISCAL IMPACT

While Constitutional Amendment B alone has no fiscal impact, the implementing legislation discussed above will result in a decrease in revenue for any local government taxing entity that contains property for which an exemption is allowed under the implementing legislation. The decrease in revenue will occur each year any exemptions are allowed. The local government taxing entity will be able to recover any year's decrease in revenue over a period of five years after each year the exemptions are allowed by raising the tax rate on the property of all other property taxpayers over that five-year period.

# CONSTITUTIONAL AMENDMENT B (CONTINUED)

---

In addition, exemptions allowed for property within any school district will result in an increase in the statewide property tax rate for all school districts.

The amount of the decrease in revenue in any year for any particular local government taxing entity will depend on the combined value of all properties within that taxing entity for which exemptions are allowed for that year. Generally, as the combined value of the exempted properties increases, the local government taxing entity's revenue decreases. Similarly, as the combined value of exempted properties increases, generally the tax rate for other property taxpayers increases.

Using 2014 as an example, the Office of the Legislative Fiscal Analyst estimates that local government taxing entities statewide will experience a combined decrease in property tax revenue of about \$2 million due to exemptions allowed military persons that year. To compensate for the 2014 revenue decrease, local governments experiencing a revenue decrease will be able to increase property tax rates over the following five years. Averaged among all other property taxpayers in the state, those property tax rate increases will result in an owner of a \$250,000 home paying on average about \$1 more per year in property tax for five years, and an owner of a \$1 million business property paying on average about \$8 more per year for five years. However, the actual amount of any property tax increase for an individual property taxpayer will vary depending on the number and location of military persons who are allowed an exemption. This cycle of a decrease in revenue followed by a property tax increase for five years will be repeated for each year exemptions are allowed.

---

## ARGUMENT FOR

This Constitutional Amendment is about shared sacrifice. We live in an age that depends on our volunteer force to defend our country. It is one of the few enumerated powers outlined in the U.S. Constitution. In an ever increasing world of conflict and chaos we will depend on this force again and again. For Utah to maintain a balance of contributing to the common defense we must each do our part to support those who are willing to give all for our freedoms and liberties. This measure is but a small token of thanks to those Utah families.

If a soldier, sailor, airman, or marine is called to federal active duty and spends more than 200 days in support of war efforts in a calendar year, or 200 days consecutively deployed, the citizens of Utah will share the burden of their property taxes. This tax shift amounts to a small \$1.03 per household of a \$250,000 home or \$7.68 per \$1,000,000 business during our current levels of deployment. This is not a lifetime benefit. It will cover only the service member's primary residence property taxes for the year following the year they are deployed.

This benefit is well targeted, intelligently designed, and long overdue. We urge your support of this amendment.

## JUDICIAL SELECTION PROCESS (NEW FOR 2012)

Utah selects all of its state court judges through a process called merit selection. The Utah Constitution states: "Selection of judges shall be based solely upon consideration of fitness for office without regard to any partisan political consideration."

Why does Utah use merit selection? Certainly, judges serve the public in positions of high public trust and should answer to the public. Of equal importance, though, every judge must resolve disputes impartially and make decisions based only on the facts of the case and the law. To do so, judges must be insulated from public pressure. For this reason, Utah has rejected the idea of judges running in contested elections and opted instead for merit selection, which balances the need for public accountability with the need for judicial independence.

Utah's merit selection process has 4 steps: nomination, appointment, confirmation, and retention election. A committee of lawyers and non-lawyers selected by the Governor nominates the five best-qualified applicants for each trial court judgeship and the seven best-qualified applicants for each appellate court judgeship. The Governor appoints one nominee from the group, who is then subject to confirmation by a majority of the Utah State Senate. The judge's name appears on the ballot for a "yes" or "no" retention vote in the first general election held more than 3 years after the appointment is complete. Trial court judges and judges of the Utah Court of Appeals are then subject to retention elections every six years while justices of the Utah Supreme Court are subject to retention elections every ten years.

## JUDICIAL PERFORMANCE EVALUATION PROCESS

The Judicial Performance Evaluation Commission, an independent 13-member group of lawyers and non-lawyers, is charged by statute with evaluating all judges twice during their terms of office. The first evaluation is for judicial self-improvement; the second provides the public with information upon which to make knowledgeable voting decisions at election time. New this year, the information includes a recommendation about whether or not the commission thinks the judge should be retained in office for another term.

The evaluation process includes several components. A third party contractor conducts online surveys of attorneys and court staff. In district court, jurors are also surveyed. Additionally, four or five trained courtroom observers spend a minimum of two hours in each judge's courtroom and submit written narrative reports of their observations on each judge.

Each judge must also meet court standards that require compliance with judicial education hours, a case-under-advisement standard, and standards promulgated by the Code of Judicial Conduct.

Finally, the commission considers comments from members of the public who have first-hand experience with judges and who have submitted their comments to the commission's website: [www.judges.utah.gov](http://www.judges.utah.gov). The commission considers all this information, and then each commissioner casts a vote either for or against a retention recommendation. In unusual circumstances, which the commission must explain, the commission may decline to make a retention recommendation.

## JUDICIAL RETENTION ELECTION PROCESS

The Utah Constitution requires that every judge stand for a retention election at the end of each term of office. In that election, the public has the opportunity to vote "yes" or "no" on whether the judge should be retained for another term of office. A simple majority of votes carries the day. The retention election helps maintain the independence of the judiciary while still ensuring that judges ultimately remain accountable to the public.

## CRITERIA OF JUDICIAL PERFORMANCE AND PERFORMANCE STANDARDS

### A. Statutory Survey Criteria

- 1) Legal ability, including the following:
  - i. Demonstration of understanding of the substantive law and any relevant rules of procedure and evidence;
  - ii. Attentiveness to factual and legal issues before the court;
  - iii. Adherence to precedent and ability to clearly explain departures from precedent; and
  - iv. Grasp of the practical impact on the parties of the judge's rulings, including the effect of delay and increasing litigation expense;
- 2) Integrity, including the following:
  - i. Avoidance of impropriety or the appearance of impropriety; and
  - ii. Display of fairness and impartiality toward all parties;
- 3) Communications skills, including clearly articulating the basis for written rulings;
- 4) Judicial temperament, including the following:
  - i. Demonstration of courtesy toward attorneys, court staff, and others in the judge's court;

## JUDGES APPEARING ON YOUR BALLOT (CONTINUED)

---

- ii. Maintenance of decorum in the courtroom;
  - iii. Demonstration of judicial demeanor and personal attributes that promote public trust and confidence in the courts; and
  - iv. Preparedness for oral argument; and
- 5) Administrative performance, including the following:
- i. Management of workload;
  - ii. Sharing proportionally the workload within the court or district; and
  - iii. Issuance of opinions and orders without unnecessary delay.

The statutory minimum performance standard for surveys requires an average score of at least 3.0 (on a 1-to-5 scale) on at least 80% of the questions. If a judge meets the minimum performance standard, it is presumed that the commission will recommend to the voters that the judge be retained. If the judge fails to meet the minimum performance standard, it is presumed that the commission will not recommend retention. If the commission does not go along with a presumption or chooses to make no retention recommendation at all, it must explain in detail the reasons for its action.

B. The judge may have no more than one formal disciplinary action taken against the judge by the Judicial Conduct Commission or the Utah Supreme Court during the judge's current term.

Note: Judges decide to retire from the bench for various reasons. A judge's decision to retire does not imply anything about the rating he or she may have received on a performance evaluation.

## Honorable Shauna L. Kerr – Justice Court Judge

Serving Summit County

The commission recommends by a vote of 11 – 1  
TO RETAIN Judge Shauna Kerr

In her two years on the bench, Judge Shauna Kerr has demonstrated growth in her office. Thirty-four of 35 attorneys (97%) who responded to the retention question recommended that Judge Kerr be retained in office. Attorneys commented that Judge Kerr is working hard to become fully skilled as a judge and is growing increasingly competent in her position. All courtroom observers responded positively about Judge Kerr. They particularly emphasized her organization and preparedness and her extreme care in ensuring that criminal defendants understand the proceedings. Judge Kerr showed enough indecision on three cases that she did not meet the minimum performance standard governing the timely issuance of opinions. In spite of that, her other strengths – and the vote of the attorneys and courtroom observers -- prompted the commission to recommend that she be retained.

The commission reviewed surveys and courtroom observation reports in addition to verifying that Judge Kerr has met all judicial education requirements and discipline standards established by the judicial branch.

Judge Shauna Kerr was appointed to the Summit County Justice Court in 2009. ## PROVISIONAL VOTING

---

Provisional voting was mandated under the Help America Vote Act of 2002 (HAVA) to ensure that every eligible voter who is registered or who believes they are registered can cast a ballot in federal elections with the knowledge that a fair process will be followed to determine if the provisional ballot is eligible to be counted.

Voters previously registered in Utah who have moved within Utah, but have not re-registered at their new address, are allowed to vote at their new polling location. Provisional ballots also allow people who register through a Driver License Agency or other public agency and whose name does not appear on the Official Register (for whatever reason) to vote at their new polling location.

Remember, a provisional ballot could be used if the voter's name is not found on the Official Register, if the poll worker is not satisfied that the voter has provided valid voter identification, if the voter does not have residence in the voting precinct, or under any other circumstance described in the Utah Code 20A-3-202.

All provisional voters will be asked for photo identification AND for proof of current residence at the polling place. This information allows us to ensure that provisional voters were in fact previously registered to vote and to ensure that people are voting in their correct precinct. If both conditions are met, the vote will be counted. If either condition is not met, the vote will not be counted. Voters may provide valid voter identification to the county clerk or an election officer who is administering the election by the close of normal office hours on Monday after the date of the election.

You can find the status of your provisional ballot directly on our website **[www.vote.utah.gov](http://www.vote.utah.gov)** or by contacting your county clerk's office. You will need the unique identification number (six digit) printed on the detachable stub of the provisional ballot. You can call the Lieutenant Governor's office at (801) 538-1041 or (800) 995-VOTE (8683) to ask regarding the status of your provisional ballot. Please allow for 10-14 days after each election for this information to be available.

# INSTRUCTIONS TO VOTERS – ELECTRONIC VOTING

## How to Obtain a Ballot

1. Give your name and address to an election judge. You may also be required to show proof of identification or proof of residency.

2. If your name is on the official register and your right to vote has not been challenged, the election judge will give you one or more ballots. NOTE: If an election judge has reason to doubt your identity, the judge is required to request identification from you that establishes your identity and residence.

## Learn How to Use the Electronic Voting Machine.

These step-by-step instructions will guide you through the voting process. For an electronic demonstration, please visit [www.vote.utah.gov](http://www.vote.utah.gov).

### 1. START

Insert voter access card. Push firmly until card clicks. Do not remove card until finished voting.

### 2. READ "INSTRUCTIONS" SCREEN

If needed, touch "Large Text" or "High Contrast" to improve readability. Touch "Next" to continue.

### 3. VOTE FOR CANDIDATES/ISSUES

Touch the box next to your selection. An "X" will appear. To change or cancel your selection, touch the box again. The "X" will disappear. Touch "Next" to see the next page of the ballot or "Back" to see a previous page.

### 4. RECORD "WRITE-INS" (OPTIONAL)

Touching the box next to "Write-In" makes a keyboard appear. Type the name you wish to write-in. Touch "Record Write-In" to return to the ballot.

### 5. REVIEW YOUR BALLOT

A summary page will appear at the end of the ballot. Selections left blank or incomplete will be highlighted. Touch any selection to return to that page in the ballot and make changes.

### 6. PRINT YOUR BALLOT

Touch "Print Ballot." Your ballot will print to the right of your screen for verification. To make changes, touch

"Reject Ballot." Remember, any changes must be made before touching "Cast Ballot."

### 7. CAST YOUR BALLOT

Touch "Cast Ballot". The printed ballot will scroll to hide your selections. No changes can be made after touching "Cast Ballot."

### 8. REMOVE YOUR CARD

Return the card to a poll worker.

## Voting for Candidates of One Party

If you want to cast a "straight party" vote for all the candidates of one party, touch the box next to that party on the first page of the ballot. The box next to that party's candidates will be automatically marked on the other pages of the ballot.

You may change your vote in a particular race to the candidate from another party or to a write-in candidate. To make the change, first touch the box next to the "straight party" candidate. The X will disappear. Then, touch the box next to the candidate for whom you wish to vote. An X will appear in the box.

If you did not cast a "straight party" vote on the first page of the ballot, you will see the "straight party" selection highlighted on the summary page. If you return to this selection and mark a party, your previously marked votes will not change. However, in

any partisan races where you have not already marked a candidate, the candidate of the party you chose will be automatically marked.

## Constitutional Amendments/Propositions

Constitutional amendments and propositions appear on the ballot in the form of a question. A vote "FOR" an amendment or proposition means that you want to answer "yes" to the question. A vote "AGAINST" an amendment or proposition means that you want to answer "no" to the question. To vote on constitutional amendments and/or propositions, read the ballot title provided on the ballot, decide whether you are "FOR" or "AGAINST" the amendment or proposition, and touch the box next to "FOR" or "AGAINST." An X will appear in the box.

## Help Marking your Ballot

The voting machines have several features to help voters who are blind or visually impaired. These features include large text, high contrast display, and audio recordings. However, voters may still ask someone of their choice to help mark their ballots. The person helping must not be a candidate, the voter's employer, an agent of the voter's employer, or an officer or agent of the voter's union. The person helping cannot in any way request, persuade, or induce the voter to vote for or against any particular candidate or issue.

# INSTRUCTIONS TO VOTERS – PAPER BALLOT

## How to Obtain a Ballot

1. Give your name and address to an election judge. You will also be required to show proof of identification and/or proof of residency.

2. If your name is on the official register and your right to vote has not been challenged, the election judge will give you one or more ballots.

## How to Mark Your Ballot

Mark your ballot only with the marker provided by the election judge. If you use any other type of pen or pencil, your vote may not be counted by the optical scanner.

Completely fill in the oval next to the party or candidate of your choice. If an oval is not completely filled in, your vote may not be counted by the optical scanner.

Ballots may be printed on both the front and back. Do not forget to vote on issues that are listed on the reverse side of the ballot.

**DO NOT** vote on a ballot that has been previously marked, spoiled, or defaced. Identification marks or a spoiled or defaced ballot will make your vote invalid. If you make a mistake, do not attempt to erase a mark. Instead, return your ballot to the election judge who will cancel the ballot and issue you a new ballot.

## Voting for Candidates of One Party

If you want to cast a “straight party” vote for all the candidates of one party, fill in the oval next to the party symbol at the top of the list of that party’s candidates. You may also fill in the ovals next to each candidate’s name, but this is not necessary if you filled in the oval next to the party symbol.

## Voting for Candidates of More Than One Party

If you want to vote for candidates from more than one party, fill in the oval by the names of the candidates for whom you want to vote. If you have already voted “straight party” and then decide to vote for a candidate from another party, simply mark the oval next to the other candidate(s) of your choice. The optical scanner will interpret a “straight party” vote as a vote for all candidates of that party except where you filled in an oval for candidate(s) of a different party.

## Write-in Voting

You may also vote for a valid write-in candidate. Do this by legibly writing the name of the write-in candidate in the space provided on the ballot. You must also fill in the oval next to the write-in candidate’s name.

## Constitutional Amendments & Propositions

Constitutional amendments and ballot propositions appear on the ballot in the form of a question.

A vote “FOR” an amendment or proposition means that you want to answer “yes” to the question. A vote “AGAINST” an amendment or proposition means that you want to answer “no” to the question. To vote on constitutional amendments and/or propositions, read the ballot title provided on the ballot, decide whether you are “FOR” or “AGAINST” the amendment or proposition, and fill in the oval for the appropriate response.

## Help Marking Your Ballot

Voters who are blind, have a disability, or are unable to read or write English, may be helped by someone of their choice. The person helping must not be a candidate, the voter’s employer, an agent of the voter’s employer, nor an officer or agent of the voter’s union. The person helping cannot in any way request, persuade, or induce the voter to vote for or against any particular candidate or issues.
